

Years 5 and 6  
Curriculum Map  
Spring 2019  
Mrs Simon

Maths

This term, Years 5 and 6 will be extending their understanding of fractions, decimals and percentages. Later in the term we will be introducing the children to algebra and ratio. There will continue to be a heavy emphasis on problem solving, reasoning and giving coherent explanations.

English

Years 5 and 6 will be revising and extending their understanding of grammar, spelling and punctuation. They will be exploring a variety of genres of writing including diaries, explanations and non-chronological reports. Our class text will be 'The Explorer' by Katherine Rundell.

Science

Our topic this term will be 'Evolution and Inheritance.'

Bunwell  
Primary School  
Est. 1879

MFL

Years 5 and 6 will be studying Spanish with Miss Husbands. We will continue to learn new vocabulary using songs and games.

R.E.

This term, we will be considering the question 'What difference might following Buddhist teaching make to a Buddhist?'

P.E.

The class will be taking part in football and parkour this term.

Topic

This term's topic is 'Voyage of the Beagle'. It will include elements of history, geography, art and DT and it will tie in with our science topic
