

Remote Learning 2020/21 Contingency Plan

In September 2020, all our classes returned to full-time education following the COVID-19 closure in March. Although we hope that the majority of our children will return to school and continue the year uninterrupted, there is the possibility that an individual child, a class bubble, or indeed the whole school, will need to self-isolate for a period of time. We have therefore put in place a plan for remote learning so that all children can continue with their education.

This meets the expectations set out in the DfE guidance 'Remote Education Support'

<https://www.gov.uk/guidance/remote-education-during-coronavirus-covid-19>

The school will use Class Dojo and Google Classroom to share the remote learning work. Class Dojo will also be used for regular communication between staff and parents. Relevant worksheets, links and information will be sent to parents and families using Class Dojo and Google Classroom depending on the task and age group. Additional information can be found on the school website under the COVID-19 page on the 'Our School' tab.

<https://bunwell.cee.coop/covid-19/>

If a child does not have access to a computer/laptop and/or the internet, the school will do all it can to support children and will provide paper packs of learning. Where funding can be accessed, remote devices (eg, laptops) will be sought, particularly for disadvantaged children. Parents will be reminded to make the school aware of any barriers to accessing remote learning.

The Overview

EY's / KS1 & KS2

The daily timetable will include:

- Maths –White Rose Maths
- Reading – Using the Oxford Owl [online books](#) or reading books sent home
- English – lesson set by teachers often using BBC Bitesize or Oak Academy alongside
- Spelling/Phonics – using Spelling Frame for KS1 and KS2
- Foundation subject- learning linked to the year group curriculum – using the Oak National Academy and other resources to support

In the event of a whole bubble or school closure, there will be a daily video call for all children to check in and see their teachers. This could be in the form of a morning registration to hear the plans for the day or a story at the end of the day.

SUBJECT	WEB LINK	DETAIL
MATHS	https://whiterosemaths.com/homelearning/	We are one of the highest performing schools in the country in Maths. So let's do the daily Maths work. Using White Rose maths, children will be guided to the appropriate year group they are in and to one of the topics available. They then select a lesson to complete; this includes a video and subsequent questions.
READING	https://home.oxfordowl.co.uk/reading/free-ebooks/	Reading is everything. Read as much as you can at home. Children are to read from their own reading book or download and read a free e-book from Oxford Owls- parents will be contacted with the correct Oxford Level for their child.
WRITING	https://www.pobble365.com/	A brilliant, fun and entertaining way to write. Click on PDF download for the 'picture of the day' eg, Darth's Dream Car- reading and writing activities are provided based on the picture provided.
SPELLING	https://www.spellingframe.co.uk	Keep on top of your spellings with Spelling Frame. Log in and see what your teacher has set for you. Weekly spellings will be set by class teachers.
PHONICS	https://www.phonicsplay.co.uk	Phonic activities based on the phase your child is working from.
FOUNDATION SUBJECTS (eg. Science, topic, PSHE etc)	https://www.bbc.co.uk/bitesize/this-terms-topics OR https://classroom.thenational.academy/	Your teacher will guide you whether which online resources to use in their planning and teaching. Feel free to do extra linked to your class topics. Children can select their year group and subject (science, history or geography) then complete a relevant learning activity linked to their classroom learning.

The Oak National Academy

The 'teaching content' will be provided to children through age appropriate video content on the DfE published list of educational resources site; Oak National Academy website. This provides the equivalent of 3 hours of lessons per day for primary school children. In their 'classroom' each lesson is an hour-long. They're delivered by a teacher, with a pre-recorded video as well as quizzes, worksheets and creative activities. It's all easy to use, there's no login or password, and you can access the lessons on any device- pupils only need materials they can find at home.

Providing feedback

Any work completed on Google Classroom will be able to be viewed by the class teacher and they will be able to provide feedback.

Contact with pupils/parents

Parents are able to contact the school via telephone or the school office email address. Where a pupil is self-isolating for a significant period of time, contact will be made via telephone on a weekly basis to monitor learning and provide support if needed. In the event of a class bubble or whole school closure, staff will use online video calling software to keep in touch with their classes on a regularly basis, partnered with calls home to check in on families.

Pupils identified as vulnerable will be contacted by the Headteacher or other member of the safeguarding team on a weekly basis and support offered as necessary.

Safeguarding

Please refer to Safeguarding Policy, including the COVID appendix.

Sharing personal data

Staff members are unlikely to need to collect and/or share personal data. However, if it does become necessary, staff are reminded to collect and/or share as little personal data as possible online. All data collection will be compliant with GDPR guidelines.

Monitoring arrangements

This policy will be reviewed and when updates to home learning are provided by the government. At present the only 'live lessons' will be used via the Oak Academy and White Rose Maths.
