Newsletter 7 - 21st January 2022

Ladybirds: Ladybirds have been learning all about Oral Health this week. They have been learning how their teeth grow and how to look after them. They have been using fake teeth to practice brushing and talking about the importance of visiting the dentist. In Maths, Reception have been learning to recall number bonds to 5 and 10. Nursery have been counting out an amount of objects and understanding that the last number they say is the total amount.

Hedgehogs: Hedgehogs have been predicting events in our new Whole Class Reading text 'A Squash and a Squeeze'. We have also been looking at the vocabulary the author has used.

We have made a great start to our new topic: Farms. We have been sharing what we already know about farms and have spent the first two lessons discussing farming around Bunwell and what crops a farmer may grow.

Badgers: Badgers have been excited to start their new topic learning about the Stone Age. The children have so far been researching shelters and tools. We have booked a trip to a museum to learn more about these in the coming weeks! We are linking this to our English work and writing adventure stories using the text 'Stone Age Boy'. In maths, we are working on our division and linking it to our times tables. The children are doing really well with this! The fish have been replaced after our Christmas disaster too!

Foxes: Foxes have started their new topic: Space. Some of the children are very knowledgeable and we are all looking forward to learning more. We have also started our new class book, which is linked to our topic: 'The Jamie Drake Equation'. In maths, the children have been adding, subtracting, multiplying and dividing fractions.

We hope that before too long all the children will return and we will have everyone back in school on a daily basis.

Thank you to the parents and carers who are accessing remote learning while their children are away from school.
